Steel Earnings Large.

Current advance in price for leading need products has caused the statisticians to sharpen their pencils for the purpose of estimating earnings for the United States Streit Corporation for the three months period to end September 20. In some quarters it has been estimated that the earnings will run between \$30,00,000 and \$31,000,000 and \$31,000,000 and \$31,000,000 and \$31,000,000 and \$31,000,000 and \$30,000,000 at the outside. There has been some good buying the state streit shares during the sate few days by persons who do not look for more than \$25,000,000 at the outside. There has been some good buying the sate few days by persons seeking investments, and this has been considered a most encouraging sign.

Cheaspeake and Ohio was one of the comparatively few railroads of the country to make even a fair showing for the local year which ended June 20. In fact, his company closed the flacal period with a comfortable margin over the preceding car, as its operations resulted in earnings of 4.30 per cent. Against 5.14 per cent in the previous year. The past year's arnings furthermore were 1.5 per cent blove dividend requirements. At the end of January, which marked the passing of even months of its faceal year. Chesacale was \$10,000 behind the previous year agross carnings, but the improvement hich immediately started in after that late made a wonderful chance in the ompany's affairs, so that twelve months room a started in after that of \$1000.

The delegates are under instructions to yote for Harry V. Haynea, of the Rilgas National Bank, for vice president "first, last, and all the time."

The Washington delegates are F. G. Addison, Jr., of the Home Savings Hank, F. B. Devereux, of the National Savings and Trust Company; C. H. Doing, Washington Loan and Trust Company; A. Nevius, Riggs National Bank; W. W. Spaid, of W. B. Hibbs & Co., and Dr. H. C. Duffer, of the McLachlen Hanking Corporation.

Comptroller Murray Gains Strength.

Messages from Lawrence O. Murray,
Comptroller of the Currency, who is in
Allantic City to convolence from an attion of grip, stated yesterday that he is
improsing steadily. Mr. Murray was reported not to have been very scriously
if while he was in a hospital beer, but
his physicians recommended that he
should take a vacation and recuperate
from the effects of a year's hard work
and of grip.

News that his recovery is progressing
will be welcome to a very large circle
of official and personal friends in the
Capital.

of frees for the collection of checks aroused an unusual interest in Washington. This rule provides that banks in the New York Clearing House Association shall have discretion not to make the charges in the collection of the provides that collection shall have discretion for the interest and the collection of the collection of the collection of the collection for must be charged seconding to rates prescribed. Efforts to have Washington placed among the "clearing house cities" have been futtle in the past, but the belief that Washington is placed at a dissiduanting through not having the same privileges as Baltimore and Philadelphia remains strong among some local bankers. It is believed that the Department of Justics is endeavoring, through its laver-chatton by exercise of their discretion to favor scene cities may not be infringing the Sherman auti-trust law or the Lational banking law. The investigation of the city carrier found and the collection for favor scene cities may not be infringing the Sherman auti-trust law or the alleged Money Trust.

It is probable that the rule is being improperly used, the Trassury Department will be asked to reading the matter through the offices of the Comptroller of the Currency.
